

Snuff quiz

Objective

To increase awareness about snuff.

Target group and the group size

An even number of participants.

Preparation, supplies, facilities and equipment

- A classroom with open space
- The letters A, B and C written on A4 sheets, a set for each pair
- Masking tape or similar
- Use the tape to make 8 lines across the floor, leaving approx. 70 cm between each line

Assignment and work instructions

Divide the participants into pairs. Give each pair an A/B/C set.

The participants answer the questions by showing A, B or C. Pairs who answer correctly can step onto the next line. The pair that crosses the eighth line first wins.
